

Co. Reg. No. 199103406Z

# CF 125

## STAIN REMOVER

### DESCRIPTION

CF 125 is specially blended to tackle organic stains on tiles and mosaic surfaces safely and effectively.

### APPLICATION

CF 125 is effective for the removal of rusty stain marks, urines scales, algae accumulation marks from walls and grouts.

### FEATURES

- **Cleans and brightens like magic**
- **Ensures streak free surfaces**
- **Simple and easy to handle**
- **No special permits are required**
- **No irritating odors**
- **PH at 1% solution – 1.5**
- **Non-flammable**

### METHOD OF USE

The surfaces of non-homogeneous ceramic tiles and mosaic to be clean must be wetted thoroughly first. Apply solution of CF 125 either directly or diluted on the surfaces by mopping or scrubbing with pad or brush. Rinse thoroughly with plenty of water.

Do not allow CF 125 to soak on the floor surface for too long. Avoid contact with glass, glazed homogeneous tiles and marble surfaces as it will etch and fog the surfaces. Avoid prolong contact with stainless surfaces. **Do not spill concentrated CF125 into landscapes as it will wither the plants & grass within 2 to 3 days.**

### SAFETY

CF 125 is highly corrosive and contact with skin and eyes should be avoided. Protective gloves and eye shield should be worn.

### PACKING

5Ltrs bottle / 25Ltrs drum

---

#### **Important Notes**

Chemforce product data sheets are regularly reviewed and available on request. The successful use of this product is dependent on a number of factors. As the information contained in this literature can only be of a general nature, it is advisable to consult our technical department if there is any doubt about the correct use of this product in a particular application. Our Sales and Technical representatives are available to provide further technical and commercial assistance.
