THE POWER TO CLEAN

Delivering customer selection by continuing to develop and produce innovative products that are efficient, cost effective and environmentally sound.

Chemforce Pte Ltd has been manufacturing and supplying cleaning products to professional cleaners in Singapore since 1991. Currently, our products are not only used in Singapore but has been exported to Bangladesh, Brunei, Indonesia, Malaysia and Vietnam.

Chemforce has a solution for every type of cleaning needs, be it a specialize problem we have tailored the specialty products to solve it.

The company has gained a reputation for working with customers 'on the job', and is committed to formulating and manufacturing cleaning chemicals that rival the best on the market at a realistic and affordable price. Our product range undergoes constant research and testing ensuring they are on the cutting edge and are suited to the needs of today's cleaners.

Fundamental to our success is that we not just manufacture and supply cleaning products, we provide our customers with total solutions that reduces labour, which consists of 80% of the cost of cleaning.

凯复清洁产品

持续开发，生产高效，低成本的环保创新产品，为客户提供最优方案选择

凯复公司自1991年成立以来，一直为新加坡专业清洁服务公司提供清洁剂，本公司产品目前不仅新加坡在使用，还出口到孟加拉国、文莱、印度尼西亚、马来西亚和越南，凯复公司为每一个有清洁需求的客户提供解决方案，解决专业问题，为您量身定制专业产品。

本公司以在工作中与顾客合作而闻名，并致力于制定和制造清洁化学品，以市场上最好的竞争对手在现实和负担得起的价格，我们的产品经过不断的研究和测试，确保它们在最前沿，并适合今天的清洁的需要。

我们成功的根本原因是我们不仅仅生产和供应清洁产品，还为客户提供减少80%劳动力的全面解决方案。

Laundry

FORCE 92 Anti-Bacterial Fabric Softener

Advanced liquid fabric softener especially for use in domestic, commercial and industrial washing machines. Added to the final rinse stage of the washing cycle conditioning the garments making the fabric soft and bouncy. Dissipates static electricity eliminating tendency of such garments to cling.

- For domestic machines, add 10 to 15 ml to final rinse water
 - For commercial machines, add 100 to 200 ml per 45kg dry weight of cloth

FORCE 92 抗菌抗菌柔顺剂

描述: FORCE 92 为一种液体柔顺剂, 专门用于家庭和商业洗衣机的最后漂洗阶段。它能软化衣物, 消除静电, 防止衣物粘连。除了对衣物进行护理之外, FORCE 92 同时还可以除臭除菌, 从而避免了衣服褶皱的问题。

FORCE 95 Low Temperature Oxygen Bleach

Professional powdered laundry bleach for use in all laundry machines to remove stains from synthetic blend fabrics and bright coloured garments.

- Activates in normal temperature of 30 to 40 degrees Celsius, without the need for high temperature. Lowers energy operation cost.

FORCE 95 洗衣用氧漂白粉 (多色衣物用)

描述: FORCE 95 为一种专业漂白剂, 它使用过氧化氢作为漂白成分, 可以在较低温度下使用。它具有低能耗的特点, 可以降低洗衣机的运行成本。它不含氯漂白剂, 不会对衣物造成损伤。它不含漂白剂, 不会对衣物造成损伤。它不含漂白剂, 不会对衣物造成损伤。

FORCE 41 Powdered Brightener Sour

Eliminates greying and yellowing of fabrics resulting from carbonate or bi-carbonate residues and hard water build up. Produces dazzling whites and sparkling colors by neutralizing carbonate and bicarbonate salts from the fabric. Ideal for polyester / cotton fabric.

- 30 to 60 grams per 45 kg of clothes (1 to 2 oz per 100lb) is generally recommended. Dosage could vary according to bicarbonate alkalinity of the water supply

FORCE 41 漂白中和粉

描述: FORCE 41 是一种漂白中和粉, 它可以中和碳酸盐或碳酸氢盐残留物, 从而防止衣物变黄和褪色。它还可以中和硬水中的钙离子, 防止衣物变硬。它是漂白中和粉, 它可以中和碳酸盐或碳酸氢盐残留物, 从而防止衣物变黄和褪色。

FORCE 73 General Purpose Laundry Detergent

Free flowing powder containing builders, biodegradable surfactant, optical brighteners and soil suspending agents. It is a specially formulated product recommended for general purposes including the washing of whites, colors, cottons and synthetics. Equally effective in soft and hard water and produces outstanding results in most conditions.

- Normally added to the main wash cycle of the wash programmed
 - Dosage rates will depend on the degree of soiling, loading factors, dip levels, type of machine and wash temperatures.

FORCE 73 普通洗衣粉

描述: FORCE 73 为一种普通洗衣粉, 含有漂白剂、生物降解表面活性剂、光学增白剂和悬浮剂。它是一种专门为普通用途而设计的, 适用于清洗白色、彩色、棉质和合成纤维。它在软水和硬水中都能使用, 并能产生出色的清洗效果。

FORCE 75 One Shot Laundry Detergent

Free flowing powder yellowing powder containing biodegradable surfactant, optical brighteners, soil suspending agents and specially selected builders. It is recommended for the processing cottons, synthetics and polyesters / cotton fabrics. Gives excellent results on heavy industrial soils and is equally effective in either hard or soft water conditions.

- Normally added to the main wash cycle of the wash programmed
 - Dosage rates will depend on the degree of soiling, loading factors, dip levels, type of machine and wash temperatures

FORCE 75 超强洗衣粉

FORCE 89 Emulsifier Additive

Designed to boost the cleaning power in detergent in removing heavy oil and grease stain from all types of industrial laundry work. Used either during the initial break or in conjunction with laundry detergent. Add 60 ml to per 45 kg weight of dry clothes, run and increase temperature to normal operation level and fill required amount of standard detergent.

- Cotton / polyester fabrics (220 ml with each 1/2 to 1 kg of detergent)
 - Coloured table linen (110 ml with each 1/2 to 1 kg of detergent)
 - White flat work (55 ml with each 1/2 kg detergent)

FORCE 89 去油剂

FORCE 93 Laundry Chlorine Bleach Powder

Professional powdered laundry bleach designed for use in commercial laundry machines. Used for removing stains from white cotton garments and fabrics. Particularly suitable and effective in the removal of stubborn stains using the controlled soak method.

- Light to medium soil, 45 to 85 grams per 45 kg weight of cloth
 - Heavy soil, 112 to 168 grams per 45 kg weight of cloth

FORCE 93 氯漂白粉 (只能用于白色系列)

Industrial

CF 125 Aluminium Cleaner and Brightener

Clear, non-viscous, colorless liquid used to clean and brighten aluminium surfaces and air conditioning coils. Especially effective for rapid removal of light to heavy oxidation films and corrosion from aluminium. Removes light deposits of oil and grease at the same time.

- Cleans and brightens without excessive attack on metal
 - Removes light deposit of oil, grease and road grime in one operation
 - Excellent rinse ability ensures streak free surfaces
 - Produces bright finish on aluminium by controlled etching
 - pH at 1% solution is 1.5
 - Non-flammable

CF 125 Stain Remover

Specialty blended to tackle organic stains on mosaic surfaces safely and effectively. Effective for the removal of rusty stain marks, urine scales and mosaic surfaces safely and effectively.

- Cleans and brightens like magic
 - Ensures streak free surface
 - Simple and easy to handle
 - No special permits required
 - No irritating odours
 - pH at 1% solution - 1.5
 - Non flammable

CF 125 空调油污清洗剂

描述: CF 125 空调油污清洗剂为一种无色、无粘性、无腐蚀性、非易燃的液体, 用于清洗铝表面和空调线圈并使其光亮如新。

用途: CF 125 用于快速去除铝表面上的轻度至重度氧化膜和腐蚀物。它同时还能清除油污和油渍。CF 125 能迅速清除铝表面的油污和油渍, 包括包裹、漆膜汽车和其它设备。它可以用于清除铝表面的油污和油渍, 包括包裹、漆膜汽车和其它设备。

特点: * 不会过分腐蚀金属, 完成清洗后表面光亮 * 清洗铝表面时不会产生异味
 * 一次使用即可去除轻微的油污和油渍以及漆膜 * 1% 溶液 pH 值 = 1.5
 * 优异的清洗能力可在清洗表面不留下水垢 * 非易燃
 安全性: CF 125 为低挥发性产品, 避免有害烟雾和刺激性。避免长时间吸入和接触。如果必须接触, 请佩戴适当的个人防护用品。

CF 125 泳池边缘除污剂

描述: CF 125 泳池边缘除污剂, 可安全有效地清除泳池边缘和周边区域的污垢。

用途: CF 125 可用于清除泳池边缘的污垢、锈迹、漆膜和瓷砖上的污渍。它是一种无色、无粘性、无腐蚀性、非易燃的液体。

特点: * 快速清除污垢 * 1% 溶液 pH 值 = 1.5
 * 低挥发性 * 非易燃
 * 操作简单 * 无异味
 安全性: CF 125 具有低挥发性, 避免与皮肤和眼睛接触。避免长时间吸入和接触。

CF 150 Rust Remover

Special rust remover formulated from a blend of organic solids and inhibitors. Used in metal treatment prior to spray painting works. Can also be used to remove rust and scale.

- No flash point
 - pH at 1% solution - 1.5
 - Easy to use
 - No harmful fumes

- Contains inhibitors and safe on most paint and metal surfaces
 - No scrubbing action required

CF 150 除锈剂

描述: CF 150 是一种由有机固体和抑制剂组成的特殊除锈剂。

用途: CF 150 用于金属表面处理, 可在喷漆前使用。它也可以用于清除锈迹和鳞片。

特点: * pH = 1.5 * 无挥发性 * 不含有害烟雾
 * 操作简单 * 无异味
 安全性: 本品是一种液体, 避免与皮肤和眼睛接触。避免长时间吸入和接触。不吸入粉尘或产生大量的水垢。

CF 450 Heavy Duty Solvent Degreaser

Heavy duty solvent degreaser to remove grease, oil, carbon, soil and stains. Used in difficult areas with high degree of efficiency with its extra strong and safe properties of solvency.

- No dangerous toxic solvents
 - No flash point
 - Safe on most metals

- Reduces labour costs
 - Safe on skin, easy to use
 - Pollution free

CF 450 强力除油污剂

描述: CF 450 为一种强力溶剂, 用于清除油污、油、碳、泥土和污渍。

用途: CF 450 用于难以清洁的区域, 具有极高的效率。它使用安全且环保的溶剂。

特点: * 不含有毒溶剂 * 对皮肤安全
 * 无挥发性 * 易于使用
 * 对大多数金属安全 * 无污染
 * 降低劳动力成本

CF 503 Solvent Cleaner

Blended solvent cleaner designed to remove tar, tyre marks, varnish, glue, grease and oil from most metal surfaces and floors. Silk fabrics can be cleaned by brushing without risk of shrinking.

- Non flammable
 - No flash point
 - Optimum soil removal rate
 - Streak free on metal surfaces

- Specific gravity @ 20 degrees Celsius : 1.605 - 1.609
 - pH - 5.5

CF 503 溶剂剂

描述: CF 503 为一种混合溶剂, 用于清除沥青、轮胎痕迹、清漆、胶水、油脂和油。

用途: CF 503 用于大多数金属表面和地板。丝绸织物可以通过刷洗来清洁, 而不会收缩。

特点: * 不挥发 * 比重 @ 20°C : 1.605 - 1.609
 * 室内温度下的闪点 * pH = 5.5
 * 不会在金属表面上形成锈迹
 安全性: 避免长时间与眼睛和皮肤接触。避免吸入本产品的蒸汽。不要使其与任何可燃材料接触。
