Co. Reg. No. 199103406Z

CHEMFORCE PRIVATE LIMITED
THE POWER TO CLEAN

FORCE STEEL

POWERED STAINLESS STEEL, GLASS, AND FLOOR TILE CLEANER

DESCRIPTION

FORCE STEEL is a revolutionary powder cleaner for hammered stainless steel, glass, shower screen and non-glazed and glazed homogenized tiles, including honed and flamed granite, which are normally stained by dirty leftover water and shoes marks, thus creating a dark membrane on the surface which make cleaning difficult to remove with normal alkaline cleaning solution. FORCE STEEL is also designed to remove / lighten acidic stain marks leftover which causes damage to the non-glazed homogenized ceramic tiles with a greyish / whitish spot all over.

APPLICATION

1. Hammered Stainless Steel Surfaces – use a damp cloth / towel together with FORCE STEEL powder, clean in single motion to remove rust and stain marks, rinse and dry with a dried towel.
2. Exterior Glass Panel – use a white fibre pad with FORCE STEEL powder to scrub off stubborn stains on glass panels till the glass surfaces is smooth again to its origin, rinse and dry the glass surface.
3. Shower Screen Glass Panel – use FORCE STEEL powder with a white Fibre Pad to scrub off the soap scum, will make the glass surface smooth again.
4. Non-glazed / Glazed Homogenized Tiles – for non-glazed homogenized tiles which are not embossed, use a white Fibre Pad with FORCE STEEL powder by slightly damp the tile surfaces and scrub with a single disc scrubber.
   For Terracotta Homogenized Tiles, scrub with a hard nylon brush with less water on the surface.

FEATURES

- **Non-toxic, non-phosphorus substance**
- **Restored surfaces of homogenize glaze and unglazed tiles**
- **Restored aged surfaces to almost original with a single application like magic/**

METHOD OF USE

Damp the ceramic flooring to be cleaned with water, then sprinkle FORCE STEEL powder on stained tiles surfaces and scrub with single disc floor scrubber with a white fibre pad or auto-scrubber but must turn off water dispensing, then rise and pick up with a wet & dry vacuum cleaner. Used dried towel to thoroughly dry flooring.

PACKING

(12x400gm/bottle) carton / 5kg Pail / 20kg Pail

Important Notes

Chemforce product data sheets are regularly reviewed and available on request. The successful use of this product is dependent on a number of factors. As the information contained in this literature can only be of a general nature, it is advisable to consult our technical department if there is any doubt about the correct use of this product in a particular application. Our Sales and Technical representatives are available to provide further technical and commercial assistance.
